1 INTRODUCTION

The purpose of this statistical data report for **July 2016** is to inform society of the current situation of “.es” domains, providing important and useful information to help those taking current and future decisions.

The **.es** domains register fosters and promotes the use of the “.es” domain as a reference of the Spanish language on internet at an international level, with a potential market of more than 500 million Spanish speakers; it is a **quality** domain, **secure**, **easy to acquire and renew** and with the benefit of added value services such as an **out-of-court dispute resolution procedure**.

In drawing up this report, we have based our findings on information from the Red.es database.
