1 INTRODUCTION

The purpose of this statistical data report for **August 2015** is to inform society of the current situation of “.es” domains, providing important and useful information to help those taking current and future decisions.

The .es domains register fosters and promotes the use of the “.es” domain as a reference of the Spanish language on internet at an international level, with a potential market of more than 470 million Spanish speakers; it is a **quality** domain, **secure**, **easy to acquire and renew** and with the benefit of added value services such as an **out-of-court dispute resolution procedure**.

In drawing up this report, we have based our findings on information from the Red.es database.
